

## Release Notes – Milestone XProtect® NVR 2

November 8, 2012

It is with great pleasure that Milestone Systems announces the release of:

### XProtect® NVR 2 – Fast and easy

The XProtect NVR 2 is a unique, ready-to-use solution that combines the world's leading video management software (VMS) with a preconfigured workstation to manage up to eight or 16 surveillance cameras. With optimized XProtect® software preinstalled on fully specified hardware, the XProtect NVR makes setting up your security system fast and simple. Packed with a wide array of features to intuitively manage your system, the open platform of the XProtect NVR provides an unlimited choice of cameras to ease the transition from analog to IP cameras.

The XProtect NVR 2 is the successor to XProtect NVR 1 and includes the following:

- A ready-to-use workstation, pre-installed with optimized XProtect software configured for eight or 16 channels
- Management Application, for setting up your surveillance system
- XProtect® Smart Client 7, for viewing live and recorded video
- XProtect Mobile® 2 server component allowing users to access their video system via the XProtect® Web Client and XProtect Mobile
- Three-year warranty on spare parts and three-year, on-site service
- Wired keyboard and mouse (monitor is not included)
- Microsoft® Windows® 7 Professional operating system

## XProtect NVR 2 hardware specifications

The XProtect NVR 2 is a small-size workstation which has undergone in-depth testing and quality assurance in order to deliver high performance and energy efficiency.

Product	XProtect NVR 2 - eight channels	XProtect NVR 2 - 16 channels
Product images		
Central Processing Unit (CPU)	Intel® Xeon E3-1225v2	Intel Xeon E3-1225v2

System weight	7.6 kg 16.72 lbs	8.1 kg 17.86 lbs

For more details on hardware specification, please see the complete overview in the XProtect NVR hardware specification sheet on our website.

### What's new in XProtect NVR 2?

With this release, users of XProtect NVR 2 will get three flexible ways of accessing their video:

- XProtect® Smart Client 7** has superior features for instant control of installations and is adaptable for different skill levels. A streamlined interface enhances usability with task-oriented tabs and easier time navigation, allowing for faster evidence creation. Please see the [XProtect Smart Client release notes](#) for more information.

- **XProtect® Web Client 1** is a simplified web-based client application for XProtect IP VMS for viewing, playing back and sharing video from most operating systems and web browsers<sup>1</sup>. Please see the [XProtect Web Client release notes](#) for more information.
- **XProtect® Mobile 2** allows you to view video from your XProtect VMS from almost anywhere on your smartphone or tablet and with Video Push, you can use your mobile device as an evidence collector.<sup>2</sup> The XProtect Mobile server component is now installed by default. Please see the [XProtect Mobile release notes](#) for more information.

### Additional updates

- Support for System Watch, a free add-on utility that displays live system failure notifications, providing an additional level of reliability. For more information, please see this link: <http://www.milestonesys.com/utilities>

### Supported languages

#### **XProtect NVR 2 server**

- English, Simplified Chinese, Traditional Chinese, Danish, French, German, Italian, Japanese, Portuguese (Brazil), Russian and Spanish
- Administrator's Getting Started Guide is available in English
- The XProtect NVR help system is available in English, French, Portuguese (Brazil) and Simplified Chinese

#### **XProtect Smart Client 7.0a and XProtect® Smart Client – Player**

- English, Arabic, Bulgarian, Portuguese (Brazil), Simplified Chinese, Traditional Chinese, Czech, Danish, Dutch, Finnish, French, German, Hebrew, Hindi, Hungarian, Italian, Japanese, Korean, Norwegian, Polish, Russian, Swedish, Slovak, Spanish, Thai and Turkish

#### **XProtect Web Client 1.0a**

- For more information see [XProtect Web Client 1 release notes](#)

#### **XProtect Mobile 2.0a**

- For more information see [XProtect Mobile 2 release notes](#)

### Distribution conditions for the XProtect NVR

Distribution of the XProtect NVR is conditioned by acceptance and signing of the Milestone Distribution Partner XProtect NVR addendum.

---

<sup>1</sup> The XProtect Web Client supports the following operating systems and web browsers: Microsoft® Windows®, Linux, OS X®, Microsoft Internet Explorer®, Safari®, Google Chrome™, Mozilla® Firefox®

<sup>2</sup> An additional camera license is required for each user of Video Push. The price of the camera license is determined by the user's XProtect VMS product

The XProtect NVR can be sold by resellers without prior signing of the special XProtect NVR contract addendum.

The XProtect NVR is currently available in the following countries:

### **EU countries**

Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden and United Kingdom

### **EFTA countries**

Norway, Iceland, Lichtenstein, and Switzerland

### **USA**

All 50 states

### **Discontinuation of the XProtect NVR 1**

With the release of XProtect NVR 2, Milestone will discontinue the XProtect NVR 1. The XProtect NVR 1 will not be available for ordering as of today.
